Second Grade Fluency Program
Teacher Information

Program Overview

- Read2Succeed volunteers utilize The Six-Minute Solution, a research-based program that quickly builds fluency through interactive, repeated readings of high-interest, targeted readability passages.
- This curriculum provides students with improved fluency and comprehension skills.
- Volunteers tutor a pair of students for 40 minutes one or two days per week.
- Volunteers and teachers are encouraged to work together on the best way to communicate student absences and student progress.

Read2Succeed Sessions

- Read2Succeed volunteers help students understand what reading fluency is, why it’s important, and practice reading the passage aloud which builds accuracy with a leveled fluency passage.
- During each session, the main idea is discussed and questions are asked to help students recall information. Additional reading materials and games are provided to engage students upon request.
- Volunteers review student’s progress and offer encouragement.

Student Criteria

As a classroom teacher, your role will be to select students based on requirements and welcome volunteers who will be working with your students. Read2Succeed provides an assessment for teachers to obtain an oral reading fluency score on Canvas.

Students’ best suited for the program:

- Read between 20-50 correct words per minute on a second grade passage.
- Meet grade level expectations for most phonological awareness concepts and skills.
- Speak English, attend school regularly, and work well with peers/adult volunteer.
- Demonstrate no significant behavioral issues.

Note: Teachers should use caution when selecting students enrolled in other pull-out programs.
Identify Student Pairs

Student pairs should be near the same instructional level as indicated by i-Ready ELA scores. In addition, ORF scores should be within 10 CWPM of each other. Students may be paired from different classrooms.

Materials

Materials for the program are provided by the Read2Succeed program. This includes passage sets, student folders, highlighters, pencils, additional books for reading, and games.

A Sample Session

Step 1: Volunteer establishes a personal connection with students.

Step 2: Volunteer and students review the three components of reading fluency and the purpose of working on reading fluency.
Volunteer asks, “What is reading fluency?”
Volunteer asks, “Why is reading fluency important?”
Volunteer asks, “What are the three rules of partnership?”

Step 3: Volunteer models through reading the day’s passage aloud.

Step 4: Volunteer and students skim for difficult words.

Step 5: Volunteer and students echo read.

Step 6: Volunteer and students choral read.

Step 7: Volunteer conducts a one minute timed reading for each student.

Step 8: Recall and discuss passage. Independent reading time and/or games.

Program Evaluation

A pre-/post-test assessment is given on the first and last session. In addition, the i-Ready Overall ELA assessment data is utilized to evaluate the program.

Program Dosage

Volunteers are trained and assigned to student pairs starting in September through March. Ideally volunteers meet with students a minimum of 12 sessions. Typically students participate in the program for 24 sessions.
